JUSTIFICATION OF NECESSITY - TITLE IV REQUEST

Title IV, Part A of ESEA, the Student Support and Academic Enrichment (SSAE) program provides support for three broad areas:

- 1: Providing students with a well-rounded education, including but not limited to professional development, innovative instructional structures, and development of educational experiences.
- 2: Supporting safe and healthy students including, but not limited to school mental health, drug and violence prevention, and health and physical education.
- **3:** Supporting the effective use of technology for personalized learning opportunities.

Title IV funds may be used to support strategies and activities outlined in the approved Title IV Needs Assessment and Plan.

Attach to this document copies of all required documentation.

See Financial Guidelines for Nonpublic Schools: Title II and Title IV for specific documentation requirements.

	Check the purpose of this request under ESSA				
	Providing students with a well-rounded education.				
	Supporting safe and healthy students.				
	Supporting effective use of technology.				
Describe how this professional development activity addresses the needs of your students and staff as described in the school's approved Title II Needs Assessment and Plan.
