

Dear Families,

September 11, 2023

Welcome to 2nd grade! Students may need extra talking time at home processing changes to their lives - particularly a 7:15 start! Patience, kindness, and most of all, **listening** to their fears, hopes and thoughts is so important.

We continue getting to know new routines, rituals, and relationships at school. It has been a great beginning. We realize the need for a strong socially emotionally positive environment. Thank you for trusting us with your child, and thank you for all the supplies!

This week we'll start even more of our academics. There is a new math curriculum, HMH Math. It will provide students with chances to problem solve, communicate and practice lots of math skills. We'll also continue with formative assessments in math and English language arts.

The staff has received feedback and we have voted to change our iPad policy at SAP. iPads will remain at school unless there is a project that requires at home work. Would you please send back the school issued charger that was provided with the iPad? We will also be charging at school and need the hardware returned. Thanks so much.

All the best from *Team Two* as we enter a good year together.

General Information:

- Please send iPad chargers to school
- School hours 7:15 - 2:00
