

Dear Families,

November 13, 2023

- ★ Please LABEL each item of your child's clothing.
- ★ Science Night is Monday 11/13 6:00 - 7:00 PM

Thank you for your conference attendance! Our grade had 100% of families coming to discuss the partnership we work hard to build and maintain. "Students show higher academic achievement, school engagement, and motivation, according to a [2019 American Psychological Association review](#) of 448 independent studies on parent involvement." SAP children and families matter.

This week second graders will be writing opinions and giving a positive or negative review of a public place they have been. Persuasion is pretty fun! In math students will be showing large numbers in different ways. For example, the number 450 can be thought as $400+50+2$, or as 45 tens and 2 ones. Also, grade 2 will start their second quarter beginning this week. Our class will have Technology on Tuesdays and Thursdays from 11:05-11:55, and afternoon specialist time will remain on the same rotation.

From Ms. Brandvik: Hi Friends!

I am looking for donations of **adjustable baseball hats** that can be used to create masks for the students this year. I need AT LEAST 90 to start out with!

These caps will be altered and not returned - please don't offer any keepsake caps! If the child's name and classroom teacher's name is sharpied or taped into the inside of the cap, that will be the one they use for their mask!

Here's what's happening this week:

MATH: Equivalent Ways to Show Thousands

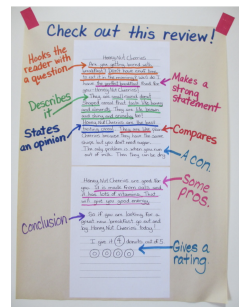

READING: Main Idea/Details

WRITING: Place Review/Recommendation

PHONICS/WORD WORK: Digraphs wh,ph,ng,nk Trigraphs shr, thr

SOCIAL/EMOTIONAL STUDIES: Indigenous People

SPECIALISTS: S, PA, M, PE, S (Technology Tuesdays and Thursdays)

If you have an urgent message, please call the school at [651-293-8735](tel:651-293-8735). Otherwise, please email.

All the best, Team One/Two

General Information:

- School hours 7:15-2:00
- **Library Weekly Please return books**
 - 11/13 2nd Grade Science Family Night 6:00-7:00
 - 11/23 & 11/24 No School

REPRESENT NUMBERS Use Base-10 blocks to represent the number 702 in two different ways. Justify your answers showing how the blocks you used represent the value of this number.

ONE WAY

Number Used	Type of Block	Total Value
0	Thousands	0
7	Hundreds	700
0	Tens	0
2	Ones	2

ANOTHER WAY

Number Used	Type of Block	Total Value
7	Thousands	
0	Hundreds	
0	Tens	
2	Ones
