How to write a
review

Review of a Place ★★★★★

This teacher is a-l-m-o-s-t convinced to get another pet. You have some persuasive students! Now we're transferring the art of persuasion to writing a Place Review. For math, ask your 2nd grader what the difference is between a digit and a number. Most of them are understanding this concept, so we're moving forward to working on representing and working with numbers in the thousands. We are looking forward to seeing families at conferences this week. If you haven't signed up for a time that works for you, or you need to change your time, please do so ASAP. The plan is to send the progress reports home before the conferences, so adults can spend time reviewing and come with questions and points of conversation. If you remember, please bring the progress report with you, and we can use our 20 minutes efficiently.

If you have an urgent message, please call the school at 651-293-8735. Otherwise, please email.

All the best, Team One/Two
