

An app that fits your vision

Managing vision benefits with our mobile app for members is easy – just as it should be. When they download the EyeMed Members App from the App Store or Google Play, employees can:

<p>1 GET STARTED</p>	 <p>Log in using their fingerprint or facial recognition (for iPhones and iPhone X)</p>	 <p>Learn about benefits</p>	 <p>Search thousands of in-network eye doctors</p>
<p>2 SEE AN EYE DOCTOR</p>	 <p>Schedule an eye exam straight from a phone or tablet</p>	 <p>Get turn-by-turn directions to the eye doctor</p>	 <p>Shake to view an ID card (and save it to Apple Wallet on iPhones)</p>
<p>3 USE THE TOOLS AND EXTRAS</p>	 <p>Create reminders to schedule an exam or reorder contact lenses</p>	 <p>Save prescription info</p>	 <p>Check out exclusive member deals and discounts</p>

Help employees stay connected to life –
