If a Participant has more than one Beneficiary at the time of the Participant’s death, then each beneficiary’s share of the Account Balance shall be treated as a separate account for each Beneficiary. The Account Balance includes any account established under Article VI for rollover contributions and plan-to-plan transfers made for a Participant, the account established for a Beneficiary after a Participant’s death, and any account or accounts established for an alternate payee (as defined in Code §414(p)(8)).
- 1.02 “Administrator” Administrator means the Minnesota State Retirement System Executive Director appointed by the Board of Directors to administer the Plan. Administrator shall not include the recordkeeper or any company which issues policies, contracts, or investment media to the Plan in respect of a Participant.
- 1.03 “Alternate Payee” The spouse, former spouse, child or other dependent of a Participant who has acquired an interest in the Participant’s account pursuant to a Plan Approved Domestic Relations Order pursuant to section 13.02. - 1.04 “Annual Deferral” The amount of the Participant’s Compensation deferred in any taxable year as a pre-tax deferral, Roth contribution, or both, if allowed by the Eligible Employer.
- 1.05 “Beneficiary” The person(s) or legal entity (or, if none, the Participant’s surviving spouse, if any, and then the participant’s estate) designated by the Participant who is entitled to receive benefits under the Plan after the death of a Participant.

- 1.06 “Code” The Internal Revenue Code of 1986, as now in effect or as hereafter amended. All citations to sections of the Code are to such sections as they may from time to time be amended or renumbered.
- 1.07 “Compensation” All compensation for services to the Employer, including salary, wages, fees, commissions, bonuses, and overtime pay, that is includible in the Employee’s gross income for the calendar year, plus amounts that would be cash compensation for services to the Employer includible in the Employee’s gross income for the calendar year but for a compensation reduction election under Code §125, 132(f), 401(k), 403(b), or 457(b) (including an election to defer compensation under Article III. Once a Participant has begun making special §457(b) Catch-up contributions, his Normal Retirement Age may not be changed.

For Participants eligible to receive benefits under the Employer’s basic defined benefit pension plan, defined contribution plan, or a money purchase pension plan (herein collectively referred to as “pension plan”), a Participant’s alternate Normal Retirement Age may not be earlier than the earliest date the Participant has the right to retire and receive immediate retirement benefits under such pension plan, without actuarial or similar reduction because of retirement before some later specified age, and the date selected may not be later than age 70½.

If the Participant is not eligible to receive benefits under a basic defined benefit pension plan, defined contribution plan, or money purchase pension plan, the Participant’s alternate Normal Retirement Age may not be earlier than age 65 nor later than age 70½.

- a) An Employee whose employment is interrupted by qualified military service under Code §414(u) shall be deemed severed from employment until such time as he or she is reemployed following the term of duty.
 - b) The merger of multiple Eligible Employers does not in and of itself constitute a Severance from Employment, under the terms of the Plan.
 - c) A change from full-time employment to part-time status is not considered a severance from employment.
 - d) In the event an Employee terminates from one Eligible Employer, is rehired with another Eligible Employer sponsoring the MNDCP and begins deferrals, a severance of employment has not occurred.

Further, participants not defined in paragraph a, b, c, or d shall be deemed to have severed their employment with the Employer for purposes of this Plan when both parties consider the employment relationship to have terminated and neither party anticipates any future employment of the Participant by the Employer.

- g) “Trustee” The Trustee duly appointed and currently serving under the Trust Agreement.
- h) “Valuation Date” Each business day.

II. PARTICIPATION AND CONTRIBUTIONS

- 2.01 Eligibility Employees performing services for the Employer shall be eligible to participate in the Plan upon becoming employed by the Employer unless specifically restricted. At the request of an officer or employee, a Minnesota Public Employer must allow participation in the Minnesota Deferred Compensation Plan. The amount to be deferred must be provided in writing. The employing unit must implement the request within forty five (45) days (Minnesota Statute §352.965, subd 3).
- 2.02 Election Required for Participation An Employee may elect to become a Participant by executing a Participation Agreement to defer a portion of his or her Compensation (and have that amount contributed as an Annual Deferral on his or her behalf) and filing it in good order with the Administrator. In entering into the Participation Agreement, the Participant elects to participate in this Plan and consents to the deferral by the Employer of the amount specified in the Participation Agreement from the Participant's gross compensation if it is pre-tax deferral or net compensation for Roth designated contributions for each payroll period, and agrees to be bound by all the terms and conditions of the Plan. Such deferral shall continue in effect until modified, disallowed or revoked in accordance with the terms of this Plan, or until the Participant ceases employment with the Employer.

The Administrator retains the right to establish minimum deferral amounts per payroll period, and to change such minimums from time to time and to limit the number and/or timing of enrollments into the Plan in the Participation Agreement. No adjustment in future deferrals shall be made if a periodic deferral is missed or is less than the amount elected. The Administrator shall have the right to modify or disallow the periodic deferral of Compensation elected by the Participant:

- a) In excess of the limitations stated in Article III;
- b) In excess of the Participant's net Compensation for any payroll period;
- c) Upon any change in the length of payroll period utilized by Employer. In such case the periodic deferral shall be adjusted so that approximately the same percentage of pay shall be deferred on an annual basis;
- d) In order to round periodic deferrals to the nearest whole dollar amount;
- e) To reduce the future deferrals in the event that the amount actually deferred for any payroll period exceeds, for any reason whatsoever, the amount elected by the Participant. In the alternative, such amount of excess deferral may be refunded to the Participant; or

- f) If the deferral elected for any payroll period is less than the minimum amount specified by the Employer or Administrator.

The participation election, or such other form as approved by the Administrator, shall include the Employee's designation of investment funds. Any such election shall remain in effect until a new election is filed. A change in the investment direction shall take effect as of the date provided by the Administrator on a uniform basis for all Employees.

2.03 Election Required for Participation Upon Re-Employment Any prior Employee who was a Participant in the Plan and is rehired by another Eligible Employer may resume deferrals in the Plan by entering into a Participation Agreement so long as any distributions being taken from this Plan are terminated prior to the resumption of deferrals under the Plan. Additionally, if distributions had not begun pursuant to a prior Severance from Employment, any deferred commencement date elected by such employee with respect to distribution of those prior Plan assets shall be null and void.

2.04 Designation of Account Beneficiary(ies) The Participant may designate a Beneficiary(ies) to receive any amounts that may be distributed in the event of death of the Participant prior to the complete distribution of benefits. A Participant may change the designated Beneficiary(ies) at any time by filing such change with the Administrator in a manner approved by the Administrator. A change in the Beneficiary designation shall take effect on the date received and deemed acceptable by the Administrator. If no such designation is in effect on the Participant's death, or to the extent that there is no beneficiary who is treated as surviving the Participant by 30 days, the Beneficiary shall be the Participant's surviving spouse if married at the time of death, or if none, the Participant's estate.

In the event of marriage dissolution, the existing Beneficiary designation naming a former spouse of the Participant and all other Beneficiary designations become void. Following a divorce, a participant may re-designate a former spouse or update other Beneficiary(ies) by filing such change with the Administrator in a manner approved by the Administrator. A change in the Beneficiary designation shall take effect on the date received and deemed acceptable by the Administrator.

2.05 Commencement of Participation

Voluntary Enrollment An Employee shall become a Participant as soon as administratively practicable following the date the Employee files a participation election pursuant to section 2.02. Such elections shall become effective no earlier than the calendar month following the month in which the election is made. A new Employee may defer compensation payable in the calendar month during which the Participant first becomes an Employee if an agreement providing for the deferral is entered into on or before the first day on which the Participant performs services for the Employer.

Automatic Enrollment Notwithstanding section 2.01 and section 2.02, to the extent permitted by applicable law, the Employer may establish procedures whereby, as a term or condition of employment, each employee automatically elects to participate in the Plan and consents to the deferral by the Employer of a specific amount for any payroll period for which a Participation Agreement is not in effect. If such procedures are in place, a Participant may elect a different deferral amount per payroll period, including zero, by entering into a Participation Agreement.

The Employer, not the Administrator, shall be responsible for informing the Employee, upon becoming an Employee, of the existence of any Plan and of their eligibility to participate. The Employee shall be responsible to take any action necessary to enroll in the Plan. Neither the Administrator, the Plan Sponsor nor the Employer shall be liable for any missed salary deferrals as a result of an Employee's failure to enroll.

The Employer shall agree to the terms of the Automatic Enrollment terms as detailed by the Administrator.

- i. The Employer may elect an automatic salary deferral rate of either one percent (1%) of gross salary (per pay period) or \$10 per pay period.
- ii. The Employer defined automatic salary deferral rate shall apply to all Employees within any given Employer.
- iii. The Employer may not offer inflationary increases.
- iv. The Employer must agree to provide the Plan demographic information of all eligible Employees, upon initial employment.
- v. When remitting contributions to the Plan, the Employer must identify the Employee salary deferral contributions and Employer matching contributions separately.

Notwithstanding the foregoing, upon notification of a new Employee by the Employer, the Administrator shall, as soon as practical following the date of hire or rehire, notify each Employee of the Plan who is hired or rehired of:

- i. the operation of the deemed Plan participation;
- ii. their rights and the timing to waive participation in the Plan;
- iii. procedures to increase, decrease, or terminate their salary deferral election;
- iv. investment option that contributions will be invested in the absence of an investment election; and
- v. timing and procedures for obtaining a refund of any amounts contributed to the Plan pursuant to the Plan participation.

Within a reasonable period prior to the beginning of each calendar year, the Administrator shall provide notice to each Participant who has not made a subsequent investment election describing:

- i. the operation of the deemed Plan participation;
- ii. procedures to increase, decrease, or terminate their salary deferral election;
- iii. investment option that contributions will be invested in the absence of an investment election; and
- iv. procedures for making changes to such investment election.

2.06 Information Provided by the Participant Each Employee enrolling in the Plan should provide to the Administrator, at the time of initial enrollment, and later if there are any changes, any information necessary or advisable to administer the plan, in the sole discretion of the Administrator, for the Administrator to administer the plan, including, without limitation, whether the Employee is a participant in any other eligible plan under Code §457(b).

2.07 Contributions Made Promptly Annual Deferrals by the Participant under the Plan shall be transferred to the Trust Fund within a period that is not longer than is reasonable for the proper administration of the Participant's Account Balance. For this purpose, Annual Deferrals shall be treated as contributed within a period that is not longer than is reasonable for the proper administration if the contribution is made to the Trust Fund within 15 business days following the end of the month in which the amount would otherwise have been paid to the Participant.

2.08 Amendment of Annual Deferrals Election Subject to other provisions of the Plan, a Participant may at any time revise his or her participation election, including a change of the amount of his or her Annual Deferrals. Unless the election specifies a later effective date, a change in the amount of the Annual Deferrals shall take effect as of the first day of the next following month or when administratively practicable if later.

2.09 Leave of Absence A Participant who is granted a leave of absence by the Employer may continue to be a Participant in the Plan as long as the leave of absence is approved by the Employer. If an approved leave of absence is terminated by the Employer or Employee without the resumption of the employment relationship, the Participant shall be treated as having a Severance from Employment under the Plan.

2.10 Disability A disabled Participant may elect Annual Deferrals during any portion of the period of his or her disability to the extent that he or she has actual Compensation (not imputed Compensation and not disability benefits) from which to make contributions to the Plan and has not had a Severance from Employment.

- 2.11 Revocation of Deferrals In addition to a Participant's ability to change or revoke an election as described in section 2.08, a Participant's request for a distribution in the event of an Unforeseeable Emergency as defined in section 5.05(b) shall in addition be treated as a request for revocation of deferrals as of a date determined by the Administrator for the period of time determined under section 5.05(f). Revocation of deferrals is not a distributable event, however, and the Participant's Account may only be distributed as provided in Article V.
- 2.12 Re-Enrollment A Participant who revokes the Participation Agreement may again become a Participant at the times and in the manner authorized by the Administrator, by entering into a new Participant agreement to defer Compensation payable no earlier than the first payroll period after the first day of the month after such new Participation Agreement is entered into by the Participant and accepted by the Administrator.
- 2.13 Designated Roth Contributions
- (a) Designated Roth Contributions. If authorized by the Eligible Employer each Participant may make designated Roth contributions; provided, however, that a Participant shall not make a Roth Contribution to the Plan for any Plan Year to the extent such Roth Contribution would exceed the limitations of Article III.
- (1) General Application. This Subsection will apply to designated Roth Contributions beginning with the effective date chosen by the Employer but in no event before the first taxable year beginning on or after January 1, 2012.
- (i) As of the effective date under (1), the Plan will accept elective deferrals designated as Roth Contributions made on behalf of Participants. A Participant's designated Roth Contributions will be allocated to a separate account maintained for such deferrals as described in (2).
- (ii) Unless specifically stated otherwise, designated Roth Contributions will be treated as Elective Deferrals for all purposes under the Plan.
- (2) Separate Accounting. Contributions and withdrawals of designated Roth Contributions will be credited and debited to the Roth Contribution Account maintained for each Participant.
- (i) The Plan will maintain a record of the amount of the designated Roth Contributions in each Participant's Roth Contribution Account.

- (ii) Gains, losses and other credits or charges must be separately allocated on a reasonable and consistent basis to each Participant's Roth Contribution Account and the Participant's other accounts under the Plan.
 - (iii) No contributions other than designated Roth Contributions and properly attributable earnings will be credited to each Participant's Roth Contribution Account.
- (3) Designated Roth Contributions Defined. A Designated Roth Contribution is an elective deferral that is:
- (i) Designated irrevocably by the Participant at the time of the deferral election as a Roth Contribution that is being made in lieu of, all or a portion of, the pre-tax deferrals the Participant is otherwise eligible to make under the Plan; and
 - (ii) Treated by the Employer as includible in the Participant's income at the time the Participant would have received that amount in cash if the Participant had not made a deferral election.

III. LIMITATIONS ON AMOUNTS DEFERRED

3.01 Minimum Annual Limitation The minimum Deferral per pay period is \$10. The amounts to be deferred must be stated in whole dollars or whole percentages, where allowed. If Participation Agreement indicates an amount including cents, the cents will be disregarded.

3.02 Basic Annual Limitation Effective for Calendar Years on and after January 1, 2002 The maximum amount of the Annual Deferral under the Plan for any calendar year shall not exceed the lesser of (i) the Applicable Dollar Amount or (ii) the Participant's Includible Compensation for the calendar year. The Applicable Dollar Amount is the amount established under Code §457(e)(15).

Each calendar year, the maximum Applicable Dollar limits are modified based on cost-of-living adjustments under Code §415(d).

The annual deferral amount does not include any rollover amounts received by the Plan under Treasury Reg. §1.457-10(e).

3.03 Age 50 Catch-up Annual Deferral Contributions A Participant who will attain age 50 or more by the end of the calendar year is permitted to elect an additional amount of Annual Deferrals, up to the maximum age 50 catch-up Annual Deferrals for the year.

Each calendar, the maximum Applicable Dollar limits are modified based on cost-of-living adjustments under Code §415(d).

Age 50 catch-up contributions are subject to the requirements of Code §414(v).

3.04 Special §457(b) Catch-up Limitations for Calendar Years Beginning On and After January 1, 2002 If the applicable year is one of a Participant's last three (3) calendar years ending before the year in which the participant attains Normal Retirement Age and the amount determined under this subsection exceeds the amount computed under sections 3.02 and 3.03, then the Annual Deferral limit under this section shall be the lesser of:

- a) An amount equal to two (2) times the section 3.02 applicable dollar limit for such year;
or
- b) The sum of:
 - 1. An amount equal to the aggregate section 3.02 limit for the current year plus each prior calendar year beginning after December 31, 2001, during which the Participant was an Employee under the Plan, minus the aggregate amount of Compensation that the Participant deferred under the Plan during such years, plus

2. An amount equal to the aggregate limit referred to in Code §457(b)(2) for each prior calendar year beginning after December 31, 1978, and before January 1, 2002, during which the Participant was an Employee (determine without regard to sections 3.03 and 3.04), minus the aggregate contributions to Pre-2002 Coordination Plan for such years.

However, in no event can the deferred amount be more than the Participant's Compensation for such years unless the Employer is making non-elective Employer contributions.

3.05 Coordination of Age 50 Catch-up with Special §457(b) Catch-up The Age 50 Catch-up does not apply for any taxable year for which a higher limitation applies under the Special §457(b) Catch-up described in section 3.04. A Participant who is eligible for the Age 50 Catch-up for a Plan Year and for whom the Plan Year is also one of the Participant's last three (3) taxable years ending before the Participant attains Normal Retirement Age is eligible for the larger of:

- a) The basic annual limitation described in section 3.02 and the Age 50 Catch-up described in section 3.03, or
- b) The basic annual limitation described in section 3.02 and the Special §457 Catch-up described in section 3.04.

3.06 Special Rules For purposes of this Article III, the following rules shall apply:

- a) Nonelective Employer Contribution (Employer Matching Contribution) If an employer's personnel policy or collective bargaining agreement between the public employer and the exclusive representative of public employees includes matching contributions on a dollar-for-dollar basis, the employer contribution may not exceed one-half of the available elective annual deferral per year per employee under the Internal Revenue Code (Minnesota Statute §356.24, subd 1). All employer matching contributions are included in the annual maximum deferral limits as stated in sections 3.02 and 3.03. Annual Deferrals" made as matching or nonelective employer contributions must be designated pre-tax deferrals and are considered FICA taxable wages unless the employment is not treated as service subject to FICA taxes.
- b) Participant Covered By More Than One Eligible Plan If the Participant is or has been a participant in one or more other eligible plans within the meaning of Code §457(b), then this Plan and all such other plans shall be considered as one plan for purposes of applying the foregoing limitations of this Article III. For this purpose, the Employer shall take into account any other such eligible plan maintained by the Employer and shall also take into account any other such eligible plan for which the Administrator receives from the Participant sufficient information concerning his or her participation in such other plan.

- c) Pre-Participation Years In applying section 3.04, a year shall be taken into account only if the Participant was eligible to participate in the Plan during all or a portion of the year and Compensation deferred, if any, under the Plan during the year was subject to the Basic Annual Limitation described in section 3.02 or any other plan ceiling required by Code §457(b).
- d) Pre-2002 Coordination Years For purposes of section 3.04 (b)(2)(B), “contributions to Pre-2002 Coordination Plans” means any employer contribution, salary reduction or elective contribution under any other eligible Code §457(b) plan, or a salary reduction or elective contribution under any Code §401(k) qualified cash or deferred arrangement, Code §402(h)(1)(B) simplified employee pension (SARSEP), Code §403(b) annuity contract, and Code §408(p) simple retirement account, or under any plan for which a deduction is allowed because of a contribution to an organization described in Code §501(c)(18), including plans, arrangements or accounts maintained by the Employer or any employer for whom the Participant performed services. However, the contributions for any calendar year are only taken into account for purposes of section 3.03(b)(2)(B) to the extent that the total of such contributions does not exceed the aggregate limit referred to in Code §457(b)(2) for that year.
- e) Disregard Excess Deferral For purposes of sections 3.02, 3.03 and 3.04, an individual is treated as not having deferred compensation under a plan for a prior taxable year to the extent Excess Deferrals under the plan are distributed, as described in section 3.07. To the extent that the combined deferrals for pre-2002 years exceeded the maximum deferral limitations, the amount is treated as an Excess Deferral for those prior years.

3.07 Correction of Excess Deferrals If the Annual Deferral on behalf of a Participant for any calendar year exceeds the limitations described above, or the Annual Deferral on behalf of a Participant for any calendar year exceeds the limitations described above when combined with other amounts deferred by the Participant under another eligible deferred compensation plan under Code §457(b) for which the Participant provides information that is accepted by the Administrator, then the Annual Deferral, to the extent in excess of the applicable limitation (adjusted for any income or loss in value, if any, allocable thereto), shall be distributed to the Participant.

3.08 Protection of Persons Who Serve in a Uniformed Service An Employee whose employment is interrupted by qualified military service under Code §414(u) may elect to make additional Annual Deferrals upon resumption of employment with the Employer equal to the maximum Annual Deferrals that the Employee could have elected during that period if the Employee’s employment with the Employer had continued (at the same level of Compensation) without the interruption or leave, reduced by the Annual Deferrals, if any, actually made for the Employee during the period of the interruption or leave. This right applies for three (3) times the period of the interruption or leave but shall not exceed five (5) years following the resumption of employment.

IV. LOANS

4.01 Loans Loans against a Participant's Plan account assets are not permitted.

V. BENEFIT DISTRIBUTIONS

5.01 Distributions from the Trust The payment of benefits from the Trust in accordance with the terms of the Plan may be made by the Trustee(s) or other person so authorized by the Administrator to make such distribution. Neither the Trustee, nor any other person shall be liable with respect to any distribution from the Trust made at the direction of the Administrator or a person authorized by the Administrator to give disbursement direction.

5.02 Conditions for Distributions

- (a) §457(b) Deferred Compensation Payments from a Participant's §457(b) Deferred Compensation account shall not be made to the Participant or Beneficiary unless:
- (1) the Participant severs employment (see section 1.20) and payments are made pursuant to sections 5.03;
 - (2) the Participant dies and payments are made pursuant to section 5.06;
 - (3) the Participant's account meets all of the requirements for an in-service *de minimis* distribution pursuant to section 5.04(a) and/or (b) or an in-service distribution pursuant to section 5.04(c);
 - (4) the Participant incurs an approved Unforeseeable Emergency pursuant to section 5.05; or
 - (5) the Plan is terminated under section 11.01.
- (b) Required Minimum Distribution Distribution of the balance of a Participant's Account shall be made in accordance with Section 401(a)(9) of the Code and the regulations there under and as set forth below. If there is any conflict between the requirements of this Section 5.02(b) and the Code and the regulations issued under Section 401(a)(9), Section 401(a)(9) of the Code and the regulations shall apply.

In no event shall any distribution to a participant under this Article V begin later than April 1 of the year following the calendar year in which the Participant attains age 70 ½ or April 1 of the year following the year in which

the Participant retires or otherwise has a Severance from Employment, whichever is later. If the Participant delays the distribution due in the calendar year he turns age 70½ or severs employment, as applicable, to the following calendar year, a second required minimum distribution must be taken by the end of that calendar year. The provision of this section (5.02(b)) requiring minimum distributions shall not apply for the 2009 distribution calendar year.

- (c) Rollovers If a Participant has a separate account attributable to rollover contributions to the Plan, the Participant may at any time elect to receive a distribution of all or any portion of the amount held in the rollover account(s).

5.03 Severance from Employment for any Reason, Including Retirement

- (a) With the exception of section 5.03(b) and (c), distributions to a Participant shall commence no earlier than thirty (30) calendar days following Severance from Employment, as elected by the Participant, in a form and manner determined pursuant to sections 5.07, 5.08, and 5.09. If the Participant does not elect otherwise, the distribution shall be paid commencing on the Participant's Required Beginning Date under a payment method meeting the requirements of Code §401(a)(9) and the regulations there under.
- (b) This Plan may mandate distributions of Account Balances of \$1,000 or less with no account activity within the last three years. For purposes of this provision, contributions to or distributions from a Participant's Plan Account will constitute account activity. The Plan Administrator will notify all such Participants in writing requesting their option for distribution. The Participant may elect a direct rollover to an eligible retirement plan specified by the Participant or receive the distribution in a lump sum payment. If the Participant does not respond with an election, then the Administrator will pay the distribution in a lump sum to the Participant at the Participant's last known mailing address.
- (c) Involuntary Lump Sum Distribution – If the value of the Participant's Account does not exceed \$200 (at the time of distribution), and there have been no contributions to a Participant's Plan Account in the last three years, the Plan Administrator may distribute the Participant's Plan Account in a lump sum payable after the Participant's Severance from Employment date. Such payment will be made to the Participant's last known mailing address.

5.04 In-Service Distributions

- (a) Voluntary In-Service Distribution of *De Minimis* A Participant who is an active Employee may elect to receive a distribution of the total amount payable to the Participant under the Plan if the following requirements are met:
1. The portion of the total amount payable to the Participant under the Plan does not exceed \$5,000;
 2. The Participant has not previously received an in-service distribution of the total amount payable to the Participant under the Plan; and
 3. No amount has been deferred under the Plan with respect to the Participant during the two-year period ending on the date of the in-service distribution.
- (b) Participants in a plan that is a retirement system providing FICA replacement retirement benefits pursuant to regulations under Code §3121(b)(7)(F) are not eligible for In-Service De Minimis distributions.
- (c) Age 70 ½ In-Service Distribution A Participant who is an active Employee may elect to receive distributions pursuant to section 5.07 after their age has exceeded age 70 ½ or deferrals to the plan have ceased, whichever is later. Once the Participant begins to receive a distribution, future deferrals to the Plan may not resume.

5.05 Unforeseeable Emergency Distributions

- (a) Distribution If the Participant has an unforeseeable emergency before retirement or other Severance from Employment, the Participant may elect to receive a lump sum distribution equal to the amount requested or the maximum amount determined by the Administrator to be permitted to be distributed under this section 5.05, whichever is less.
- (b) Unforeseeable emergency defined An unforeseeable emergency is defined as a severe financial hardship of the Participant resulting from:
- an illness or accident of the Participant or Beneficiary, the Participant's or Beneficiary's spouse, or the Participant's or Beneficiary's dependent (as defined in Code §152(a));
 - loss of the Participant's or Beneficiary's property due to casualty (including the need to rebuild a home following damage to a home not otherwise covered by homeowner's insurance, e.g., as a result of a natural disaster);

- the need to pay for the funeral expenses of the Participant's Beneficiary or the Participant's or Beneficiary's spouse or dependent (as defined in Code §152(a));
- or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the Participant.

For example, the imminent foreclosure of or eviction from the Participant's or Beneficiary's primary residence may constitute an unforeseeable emergency. In addition, the need to pay for medical expenses, including non-refundable deductibles, as well as for the cost of prescription drug medication, may constitute an unforeseeable emergency.

Except as otherwise specifically provided in this section 5.05, neither the purchase of a home, payment of income taxes, interest or penalties, unpaid utility bills, nor the payment of tuition is an unforeseeable emergency.

- (c) Unforeseeable emergency distribution standard A distribution on account of unforeseeable emergency may not be made to the extent that such emergency is or may be relieved through reimbursement or compensation from insurance or otherwise, by liquidation of the Participant's assets, to the extent the liquidation of such assets would not itself cause severe financial hardship, or by cessation of deferrals under the Plan.
- (d) Distribution necessary to satisfy emergency need Distributions because of an unforeseeable emergency may not exceed the amount reasonably necessary to satisfy the emergency need (which may include any amounts necessary to pay any federal, state, or local income taxes or penalties reasonably anticipated to result from the distribution).
- (e) The Administrator shall have the right to request and review all pertinent information necessary to assure that Unforeseeable Emergency withdrawal requests are consistent with the provisions of Code §457(b).
- (f) Unforeseeable emergency distribution appeal After a second unfavorable decision, a Participant may appeal the decision within 30 calendar days to the Administrator's Executive Director. The Participant shall provide the appeal in writing with any supporting documentation relevant for the appeal. The Administrator shall provide final outcome of the appeal within ten business days. Once the appeal has been reviewed and a determination has been made, that decision is final and will not be subject to further appeal.
- (g) The Employer or Administrator may suspend the Participant's salary deferral election during the pendency of the Participant's request for an Unforeseeable Emergency distribution. Payment of an Unforeseeable Emergency distribution shall result in mandatory suspension of deferrals for a minimum of six (6) months from the date of payment (or such other period as mandated in applicable Treasury regulations).

- (h) Participants in a Plan that is a retirement system providing FICA replacement retirement benefits pursuant to regulations under Code §3121(b)(7)(F) are not eligible for unforeseeable emergency distributions.

- (a) Participant's Required Beginning Date The Participant's entire interest will be distributed, or begin to be distributed to the Participant no later than the Participant's required beginning date as defined in Section 5.06(I).

- (b) Death of Participant Before Participant's Required Beginning Date If the Participant dies before the required beginning date, the Participant's entire interest will be distributed, or begin to be distributed, no later than as follows:

1. If the Participant's surviving spouse is the Participant's sole designated beneficiary, then, except as provided in Section 5.06(f), distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died, or by December 31 of the calendar year in which the Participant would have attained age 70½, whichever is later.
2. If the Participant's surviving spouse is not the Participant's sole designated beneficiary, then, unless the Beneficiary elects the five-year rule, distributions to the designated beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the Participant died.
3. If there is no designated beneficiary as of September 30 of the year following the year of the Participant's death, the Participant's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.
4. If the Participant's surviving spouse is the Participant's sole designated beneficiary and the surviving spouse dies after the Participant but before distributions to the surviving spouse begin, this Section 5.06(b), other than Section 5.06(b)(1), will apply as if the surviving spouse were the Participant.
For purposes of this Section 5.06(b) and Section 5.06(f) unless Section 5.06(b)(4) applies, distributions are considered to begin on the Participant's required beginning date. If Section 5.06(b)(4) applies, distributions are considered to begin on the date distributions are required to begin to the surviving spouse under Section 5.06(b)(1). If distributions under an annuity purchased from an insurance company

irrevocably commence to the Participant before the Participant's required beginning date (or to the Participant's surviving spouse before the date distributions are required to begin to the surviving spouse under Section 5.06(b(1))), the date distributions are considered to begin is the date distributions actually commence.

- (c) Forms of Distribution Unless the Participant's interest is distributed in the form of an annuity purchased from an insurance company or in a single sum on or before the required beginning date, as of the first distribution calendar year distributions will be made in accordance with Section 5.06. If the Participant's interest is distributed in the form of an annuity purchased from an insurance company, distributions thereunder will be made in accordance with the requirements of Code §401(a)(9) and the Treasury regulations.
- (d) Amount of Required Minimum Distribution For Each Distribution Calendar Year During the Participant's Lifetime During the Participant's lifetime, the minimum amount that will be distributed for each distribution calendar year is the lesser of:
1. the quotient obtained by dividing the Participant's account balance by the distribution period in the Uniform Lifetime Table set forth in Section 1.401(a)(9)-9 of the Treasury regulations, using the Participant's age as of the Participant's birthday in the distribution calendar year; or
 2. if the Participant's sole designated beneficiary for the distribution calendar year is the Participant's spouse, the quotient obtained by dividing the Participant's account balance by the number in the Joint and Last Survivor Table set forth in Section 1.401(a)(9)-9 of the Treasury regulations, using the Participant's and spouse's attained ages as of the Participant's and spouse's birthdays in the distribution calendar year.
- (e) Lifetime Required Minimum Distributions Continue Through Year of Participant's Death Required minimum distributions will be determined under Sections 5.06(d) and (e) beginning with the first distribution calendar year and up to and including the distribution calendar year that includes the Participant's date of death.
- (f) Death On or After Participant's Required Beginning Date
1. Participant Survived by Designated Beneficiary If the Participant dies on or after the Participant's required beginning date and there is a designated beneficiary, the minimum amount that will be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's account balance by the longer of the remaining life expectancy of the Participant or the remaining life expectancy of the Participant's designated beneficiary, determined as follows:

- (a) the Participant's remaining life expectancy is calculated using the age of the Participant in the year of death, reduced by one for each subsequent year.
 - (b) if the Participant's surviving spouse is the Participant's sole designated beneficiary, the remaining life expectancy of the surviving spouse is calculated for each distribution calendar year after the year of the Participant's death using the surviving spouse's age as of the spouse's birthday in that year. For distribution calendar years after the year of the surviving spouse's death, the remaining life expectancy of the surviving spouse is calculated using the age of the surviving spouse as of the spouse's birthday in the calendar year of the spouse's death, reduced by one for each subsequent calendar year.
 - (c) if the Participant's surviving spouse is not the Participant's sole designated beneficiary, the designated beneficiary's remaining life expectancy is calculated using the age of the beneficiary in the year following the year of the Participant's death, reduced by one for each subsequent year.
2. No Designated Beneficiary If the Participant dies on or after the date distributions begin and there is no designated beneficiary as of September 30 of the year after the year of the Participant's death, the minimum amount that will be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's account balance by the Participant's remaining life expectancy calculated using the age of the Participant in the year of death, reduced by one for each subsequent year.
- (g) Death Before Participant's Required Beginning Date
- 1. Participant Survived by Designated Beneficiary. If the Participant dies before the required beginning date and there is a designated beneficiary, the minimum amount that will be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's account balance by the remaining life expectancy of the Participant's designated beneficiary, determined as provided in Section 5.06(f).
 - 2. No Designated Beneficiary. If the Participant dies before the required beginning date and there is no designated beneficiary as of September 30 of the year following the year of the Participant's death, distribution of the Participant's entire interest will be completed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.

3. Death of Surviving Spouse Before Distributions to Surviving Spouse Are Required to Begin If the Participant dies before the required beginning date, the Participant's surviving spouse is the Participant's sole designated beneficiary, and the surviving spouse dies before distributions are required to begin to the surviving spouse under Section 5.06(b)(1), this Section 5.06(g)(3) will apply as if the surviving spouse were the Participant.

For distributions beginning before the Participant's death, the first distribution calendar year is the calendar year immediately preceding the calendar year which contains the Participant's required beginning date. For distributions beginning after the Participant's death, the first distribution calendar year is the calendar year in which distributions are required to begin under Section 5.06(b). The required minimum distribution for the Participant's first distribution calendar year will be made on or before the Participant's required beginning date. The required minimum distribution for other distribution calendar years, including the required minimum distribution for the distribution calendar year in which the Participant's required beginning date occurs, will be made on or before December 31 of that distribution calendar year.
- (j) Life Expectancy Life expectancy as computed by use of the Single Life Table in Section 1.401(a)(9)-9 of the Treasury regulations.
- (k) Participant's account balance The account balance as of the last valuation date in the calendar year immediately preceding the distribution calendar year (valuation calendar year) increased by the amount of any contributions made and allocated or forfeitures allocated to the account balance as of dates in the valuation calendar year after the valuation date and decreased by distributions made in the valuation calendar year after the valuation date. The account balance for the valuation calendar year includes any amounts rolled over or transferred to the Plan either in the valuation calendar year or in the distribution calendar year if distributed or transferred in the valuation calendar year.
- (l) Required beginning date The date specified under Section 401(a)(9) of the Internal Revenue Code when distributions are required to begin, which, for a Participant, is currently the April 1 following the year the Participant attains age 70½ or retires, whichever is later.

- (m) Beneficiary's Election of Five-Year Rule Where Death Occurs Prior to the Participant's Required Beginning Date The Participant's designated Beneficiary is deemed to have elected the five-year rule if distributions have not begun by December 31 of the calendar year in which distributions would be required to begin under subsection 5.06(b). If the Participant has no designated Beneficiary or if the designated Beneficiary does not timely begin distributions, distribution of the Participant's entire interest must be completed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.

5.07 Participant's Payment Options A Participant's election of a payment option may commence no earlier than thirty (30) calendar days following Severance from Employment. If a timely election of a payment option is not made, benefits shall be paid in accordance with section 5.08. Subject to applicable law and the other provisions of this Plan, distributions may be made in accordance with one of the following payment options.

- (a) A single lump-sum payment of the entire Account Balance;
- (b) A single lump-sum payment of a partial portion of the Account Balance;
- (c) Installment payments for a period of years (payable on a monthly, quarterly, semi-annual, or annual basis) which extends no longer than the life expectancy of the Participant as permitted under Code §401(a)(9) using the Uniform Lifetime Table at Reg. §1.041(a)(9)-9, A-2 for the Participant's age on Participant's birthday for that year. If the Participant's age is less than age 70, the distribution period is 27.4 plus the number of years that the Participant's age is less than age 70. The Account Balance for this calculation (other than the final installment payment) is the Account Balance as of the end of the year prior to the year for which the distribution is being calculated;
- (d) Partial lump-sum payment of a designated amount, with the balance payable in installment payments for a period of years, as described in subsection (c);
- (e) Annuity payments (payable on a monthly, quarterly, semi-annual, or annual basis) for the lifetime of the Participant or for the lifetimes of the Participant and Beneficiary in compliance with Code §401(a)(9); or

- (b) In Plan Roth Rollover. If the Eligible Employer elects to participate in the Roth plan, and only to the extent so specified, a Participant may elect, at the time and in the manner prescribed by the Plan Administrator, to have any portion of an eligible rollover distribution (of at least \$500) paid to the Plan in an in-plan Roth rollover to the Participant's Designated Roth Contribution Account. The amount rolled over in an in-plan Roth direct rollover continues to be taken into consideration for mandatory distributions.
- (c) For purposes of section 6.01(a), an eligible rollover distribution means any distribution of all or any portion of a Participant's benefit under another eligible retirement plan, except that an eligible rollover distribution does not include (1) any installment payment for a period of 10 years or more, (2) any distribution made as a result of an unforeseeable emergency or other distribution which is made upon hardship of the employee, (3) any deemed distribution under the provisions of Code §72(p), (4) the portion of any distribution that is not includable in gross income, (5) any distribution of excess deferrals or (6) for any other distribution, the portion, if any, of the distribution that is a required minimum distribution under Code §401(a)(9). These investment options that may be offered are specified in Minnesota Statute §352.965, subd 4. It shall be the sole responsibility of the SBI to ensure that all investment options offered under the Plan are appropriate and in compliance with any and all state laws pertaining to such investments.

The Minnesota Deferred Compensation Plan is maintained pursuant to an instrument that authorizes it to participate in the Fidelity Diversified International Commingled Pool and the State Street Bank and Trust Company Investment Funds for Tax Exempt Retirement Plans or in any other common, collective, or commingled trust fund. - 8.02 Participant Investment Direction Participants shall have the option to direct the investment of their Account(s) from among the investment options offered by the Plan. The Participant's right to transfer among or out of any such investment options, shall be subject to any timing or other restrictions imposed upon Participants by the providers of the investment options chosen by the Participant, including, but not limited to market-timing restrictions, excessive trading restrictions and redemption fees. The Trustee or Custodian, as applicable, shall hold title to such investment options. A Participant's right to direct the investment of Account balances shall apply only to making selections among the options made available under the Plan and only to the extent specified by the Administrator pursuant to uniform rules. - (a) Each Participant shall designate on the form prescribed by the Administrator one or more investment options in which he wishes to have his Account invested and may change such investment directions in accordance with and at the time or times specified under uniform rules established by the Administrator or the investment provider, as applicable. The Participant's Account shall be debited or credited as appropriate to reflect all gains or losses on such investments. A Participant has the right to direct the investments of his Account. If a Participant does not provide such direction, the Participant's Account shall be invested in the default investment option selected by the Administrator.

directions or by reason of any reasonable administrative delay in implementing such directions.

- (c) The Minnesota State Board of Investment (SBI) may from time to time change the investment options made available under the Plan pursuant to uniform rules established by the Administrator. If an investment option is eliminated, all Participants who chose that investment option shall have money remaining in the eliminated investment option on the elimination date reinvested in the replacement investment option. The Participants shall have no right to require the Administrator to select or retain any investment option. Any change with respect to investment options made by the Administrator, however, shall be subject to the terms and conditions (including any rules or procedural requirements) of the affected investment options.

8.03 Participant Accounts The Administrator shall maintain or cause to be maintained one or more individual accounts for each Participant. Such accounts shall include separate accounts, as necessary, for Code §457(b) Deferred Compensation, Code §457(b) rollovers, IRA rollovers, other qualified plan and Code §403(b) plan rollovers, and such other accounts as may be appropriate from time-to-time for plan administration. X. LEAVE OF ABSENCE

- 10.01 Leave of Absence If a Participant is on an approved leave of absence from the Employer, it does not constitute a severance from Employment, therefore, said Participant's participation in the Plan may continue. Upon termination of an unpaid leave of absence and return to active status, the Participant may enter into a new Participation Agreement to be effective when permitted by section 2.11. In the event that such leave of absence becomes a Severance from Employment, said Participant shall have separated from service with the Employer for purposes of this Plan.
- 10.02 Military Leave Benefits Notwithstanding any provision of the Plan to the contrary, contributions, benefits and service credit with respect to qualified military service will be provided in accordance with Section 414(u) of the Code. Effective for years beginning after December 31, 2008, the Plan shall not be treated as failing to meet the requirements of any provision described in Section 414(u)(1)(C) of the code by reason of any contribution or benefit which is based on a differential wage payment (as described in Section 3401(h)(2) of the Code.) The preceding sentence shall apply only if all Employees who are performing service in the uniformed services (as described in Section 3401(h)(2)(A) of the Code) are entitled to receive differential wage payments on reasonably equivalent terms and, if eligible to participate in a retirement plan maintained by the Employer, to make contributions based on the payments on reasonably equivalent terms (taking into account Sections 410(b)(3), (4), and (5) of the Code).
If a Participant dies while performing qualified military service on or after January 1, 2007, the survivors of the Participant are entitled to any additional benefits (other than benefit accruals relating to the period of qualified military service) provided under the Plan as if the Participant had resumed employment and then experienced a Termination of Employment on account of death.

XI AMENDMENT OR TERMINATION OF PLAN

- 11.01 Termination The Plan is authorized by Minnesota Statute §352.965 and governed by Internal Revenue Code Section §457(b). The plan would only be terminated in order to comply with Minnesota Statute, IRS Code, or pursuant to final regulations.
- 11.02 Amendment The Board of Directors may amend the provisions of this Plan at any time; provided, however, that no amendment shall affect the amount of benefits which at the time of such amendment shall have accrued for Participants or Beneficiaries, to the extent of Compensation deferred before the time of the amendment and income thereon accrued to the date of the amendment, calculated in accordance with section 8.04 and the terms and conditions of the investment options hereunder; and provided further, that no amendment shall affect the duties and responsibilities of the Custodian unless approved by the Custodian. To the extent permitted by applicable law, the Administrator has the authority to adopt policies or procedures from time to time as may be necessary or desirable to conform Plan provisions to, or to elaborate Plan provisions in light of, technical amendments to the Code, Treasury regulations or other guidance issued under the Code, and such rules, regulations or procedures are hereby ratified by the Employer as having the force and effect of Plan amendments.
- 11.03 Copies of Amendments The Administrator shall provide a copy of any Plan amendment to the Custodian, the Recordkeeper, and to the issuers of any investment options selected pursuant to section 8.01.

XII. TAX TREATMENT OF AMOUNTS CONTRIBUTED

It is intended that pursuant to Code §457(b), the Amount Deferred shall not be considered current compensation for purposes of federal income taxation except to the extent that the amount deferred is Designated Roth Contributions. This rule shall also apply to state income taxation unless applicable state laws provide otherwise. Such amounts shall, however, be included as compensation to the extent required under the Federal Insurance Contributions Act (FICA). Payments under this Plan shall supplement retirement and death benefits payable under the Employer's group insurance and retirement plans, if any.

XIII. MISCELLANEOUS

- 13.01 Non-Assignability Pursuant to Minnesota Statute §352.965, subd 8, except as provided in sections 13.02 and 13.03, the interests of each Participant or Beneficiary under the plan are not subject to the claims of the Participant's or Beneficiary's creditors, and neither the Participant nor any Beneficiary shall have any right to sell, assign, transfer, or otherwise convey the right to receive any payments hereunder or any interest under the Plan, which payments and interest are expressly declared to be non-assignable and non-transferable.
- 13.02 Plan Approved Domestic Relations Order Domestic relations orders approved by the Administrator shall be administered as follows.
- a) Notwithstanding section 13.01, if a final judgment, decree, or order (including approval of a property settlement) that is related to the marital property rights of a spouse or former spouse (herein called an Alternate Payee) is made pursuant to the domestic relations law of any State and meets the requirements of Code §414(p), then such order shall be referred to as a Plan Approved Domestic Relations Order (Domestic Relations Order). If a Domestic Relations Order is duly filed upon the Administrator, then the amount of the Participant's Account Balance shall be set aside in a separate account for Alternate Payee(s) as elected by the Alternate Payee. Payments to the Alternate Payee shall be made without regard to whether the Participant is eligible for a distribution of benefits under the Plan, however, a required minimum distribution to the Alternate Payee(s) must commence once the original participant reaches age 70 ½ or severs employment, whichever is later (see section 5.02(b)). The Administrator shall establish reasonable procedures for determining the status of any such decree or order and for effectuating distribution pursuant to the Domestic Relations Order and may charge the Participant and Alternate Payee a fee as established from time to time.
 - b) Where necessary to carry out the terms of such a Domestic Relations Order, a separate account shall be established with respect to the Alternate Payee(s) and such persons shall be entitled to make investment selections with respect thereto in the same manner as the Participant, except to the extent restricted by the Administrator or a specific investment option under the Plan. All costs and charges incurred in carrying out the investment selection shall be deducted from the account created for Alternate payee making the investment selection. The Alternate Payee may select from among the forms of payment available to Participants except a joint and survivor annuity naming the Alternate Payee and a subsequent spouse. Withholding and income tax reporting shall be done with respect to the alternate payee under the terms of the Code as amended from time to time.
 - c) The Administrator's liability to pay benefits to a Participant shall be reduced to the extent that amounts have been paid or set aside for payment to a former spouse pursuant to this section. No amount shall be paid or set aside

unless the Administrator has been provided with satisfactory evidence releasing them from any further claim by the Participant with respect to these amounts. The Participant shall be deemed to have released the Administrator from any claim with respect to such amounts in any case in which the Administrator has been notified of or otherwise joined in a proceeding relating to a Domestic Relations Order which sets aside a portion of the Participant's account for former spouse and the Participant fails to obtain an order of the court in the proceeding relieving the Administrator from the Obligation to comply with the Domestic Relations Order.

- d) The Administrator shall not be obligated to comply with any judgment, decree or order that attempts to require the Plan to violate any Plan provision or any provision of Code §457(b). The Administrator shall not be obligated to defend against or set aside any judgment, decree, or order described herein or any legal order relating to the division of a Participant's benefits under the Plan unless the full expense of such legal action is borne by the Participant. In the event that the Participant's action (or inaction) nonetheless causes the Administrator to incur such expense, the amount of the expense may be charged against the Participant's account and thereby reduce the Administrator's obligation to pay benefits to the Participant. In the course of any proceeding relating to divorce, the Administrator shall be authorized to disclose information relating to Participant's individual account to the Participant's spouse or former spouse (including the legal representatives of the spouse or former spouse), or to a court.

13.03 IRS Levy Notwithstanding section 13.01, the Administrator may pay from a Participant's or Beneficiary's Account Balance the amount that the Administrator finds is lawfully demanded under a levy issued by the Internal Revenue Service with respect to that participant or Beneficiary or is sought to be collected by the United States Government under a judgment resulting from an unpaid tax assessment against the Participant or Beneficiary.

13.04 Mistaken Contributions If any contribution (or any portion of a contribution) is made to the Plan by a good faith mistake of fact, then within one year after the payment of the contribution, and upon receipt in good order of a proper request approved by the Administrator, the amount of the mistaken contributions (adjusted for any income, or loss in value, if any, allocable thereto) shall be returned directly to the Participant or, to the extent required or permitted by the Administrator, to the Employer.

- 13.05 Account Corrections It shall be the Participant's obligation to review all confirmation statements and quarterly statements for discrepancies or errors. Account corrections will be made only for errors which are communicated by the Participant to the Administrator within 60 calendar days of the last quarter end. After this 60 days, account information shall be deemed accurate and acceptable. If the Participant notifies the Administrator after this 60 day period, the correction will only be made from the date of notification forward and not on a retroactive basis.
- 13.06 Payments to Minors and Incompetents To the extent the Administrator determines that the following procedure meets applicable state or local law, if a Participant or Beneficiary entitled to receive any benefits hereunder is a minor the Administrator will require that a guardian/custodian for the financial estate of the minor be appointed by the court prior to the payment of any benefits. If the Beneficiary is a person determined under law to be incompetent or incapacitated, distribution will be made to the guardian or custodian appointed by a court of competent jurisdiction. Such payments shall be considered a payment to such Participant or Beneficiary and shall, to the extent made, be deemed a complete discharge of any liability for such payments under the Plan.
- 13.07 Procedure When Distributee Cannot be Located The Administrator shall make all reasonable attempts to determine the identity and address of a participant or a Participant's Beneficiary entitled to benefits under the Plan. For this purpose, a reasonable attempt means (a) the mailing of a notice to the last known address shown on the Employer's or Administrator's records, and (b) notification sent to a third party public records research firm. The payee has six (6) months to respond to any reasonable attempts made by the Administrator. If the Administrator is unable to locate such a person entitled to benefits hereunder, or if there has been no claim made for such benefits, the trust fund shall continue to hold the benefits due such person until in the Employer's or Administrator's sole discretion, the Plan is required to take other action under applicable law.
- 13.08 Self Directed Brokerage Platform The Administrator may choose to make available a Self Directed Brokerage option for Plan Participants. The Administrator will select the Self Directed Brokerage provider available to Participants; the provider must be a properly registered broker-dealer with the Securities and Exchange Commission under the Securities Exchange Act of 1934. The Administrator reserves the right to substitute an alternative Self Directed Brokerage provider. If a new provider is chosen, the Administrator will provide all affected Participants reasonable notice of such change. Participation is optional for participants and an additional fee may be charged for this service.

- 13.09 Advisory Services The Administrator may choose to make available investment advisory services to Plan Participants. Investment advisory services shall be provided by an independent, federally registered investment advisory firm that has entered into a separate written agreement with the Administrator. The advisory provider may offer investment guidance, investment advice, and/or advisory managed account services. These services are optional to Plan Participants and are subject to additional account fees.
- 13.10 Public Safety Officer Insurance Premium Withholding To comply with the Pension Protection Act of 2006, the Administrator may make available to eligible retired and public safety officers the ability to withhold and pay qualified insurance premiums from the Plan. A public safety officer is defined by section 1204(9)(A) of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796b(9)(A)). Generally, public safety officer refers to anyone covered by the following Minnesota public retirement plans: State Patrol, Correctional, Judges and PERA Police and Fire. Also eligible are probation and parole officers, regardless of the plan that covers their service. Qualified insurance premiums include health, dental or long-term care insurance coverage for the participant, their spouse, and legal dependents.

Neither the Plan Sponsor, Administrator, Custodian, nor any agent of the Plan are responsible for late premium payments, lapsed insurance policy coverage, or any other benefit issue that may arise between the participant and the insurance provider. Participants who elect to participate in this program release the Plan Sponsor, Administrator, Custodian and all agents of the Plan from any and all liability for income taxation including, but not limited to, penalties and interest.

XIV. DISCLAIMER

The Employer and the Administrator make no endorsement, guarantee or any other representation and shall not be liable to the Plan or to any Participant, Beneficiary, or any other person with respect to (a) the financial soundness, investment performance, fitness or suitability (for meeting a Participant's objectives, future obligations under the Plan, or any other purpose) of any investment option offered pursuant to section 8.01 or any investment vehicle in which amounts deferred under the Plan are actually invested, or (b) the tax consequences of the Plan to any Participant, Beneficiary or any other person.
