## Name:

Reading log
Due date:

Your child should read at least an average of 15 minutes/day for 5 days a week (more is encouraged). Reading can be done in any language. If your child doesn't know how to read yet, read to your child instead, they will still benefit from it. Please, write the date, the title of the book, the number of minutes read, and whether you read to your child, helped them read, or they read by themselves. When your child finishes a book, have him/her rate the book. Students are encouraged to read the same book more than once. Let me know if you need books at home.
