Creative Art Secondary School is a premier Saint Paul arts school graduating successful, creative producers, ready for college and career. Creative Arts Secondary School develops creative young adults through rigorous study in both arts and academics. Students pursue a personal artistic vision, learning in and through the arts, as part of a supportive creative community.

Our SCIP (School Comprehensive Improvement Plan) process allows our school to produce a planning document. We monitor our progress throughout the year and we respond by making modifications to meet the needs of our students. In the spring/summer we review our schoolwide data and create a plan for the next school year.

Creative Arts Secondary School is addressing three main areas in our SCIP. Culturally responsive teaching, which gives students a voice about what they are learning and choices within assignments, and arts integration are embedded throughout our plan.

Reading	Math	Culture and Climate
<p>We will strengthen reading instruction by:</p> <p>Increasing independent reading in high school English Language Arts classes</p> <p>Using a workshop model for reading and writing instruction in 6th grade</p> <p>Using focused note taking in all classes</p>	<p>We will strengthen math instruction by:</p> <p>Increasing math tasks that promote conceptual understanding</p>	<p>We will continue to build a positive school culture and climate by:</p> <p>Focusing on the 'Think, Speak, Act" portion of our Core Values</p> <p>Training teachers on different ways to manage behavior in the classroom and build positive relationships with students</p> <p>Clearly defining our behavior expectations and teaching them to students</p>
<p>Increase culturally-relevant arts integration across all content areas</p>		

We are looking forward to a great school year as we work in partnership with families. We honor your commitment to your child's success!

A detailed version of the School Comprehensive Improvement Plan (SCIP) at scip.spps.org and can also be found on our school website at <http://creativearts.spps.org>
