

Building Construction Project

St. Anthony Park Elementary's school building is being remodeled!

What changes will the school have?

- An addition will be built to house the main office, cafeteria and kitchen
- A second story will also be built over the current single story to add instructional spaces

When will this construction project happen?

- June 2017: Construction begins
- August 2018: Project completed

Will students still be able to attend the school during construction?

Yes! School will be conducted as usual during construction.
