Skills

We are learning digraph, where two letters come together to make one sound, like ck as in duck, sh as in shell and th as in feather.

Reading

We are continuing to explore fiction and nonfiction text and how to identify them when we are reading. We are also writing responses in our notebooks.

Greetings!

Hello Families! I want to send a huge SHOUTOUT to all the families that attended conferences or had phone conversations with me regarding your child's education. I learned so much about your child by talking with you. If you have missed your conference and would like to reschedule or have a phone conversation, please let me know. Next week is a short week because of Thanksgiving break - we only school Monday to Wednesday. Have a wonderful week!

Math

We are on module (unit) 4, where we continue to learn more ways to add and subtract and how they are related to each other.

Writing

This week we wrote all about ourselves. Next week we will start how-to.

Monday

Tuesday

Wednesday

Thursday

Friday
