

# First Grade News - Ms. Lee

December 4, 2023

651-293-8715 - [pa.houa.lee@spps.org](mailto:pa.houa.lee@spps.org)

## Skills

We are still working on digraph sounds like wh, ph, ng, and nk. We will continue to review previous digraphs.

## Reading

We are reading fiction texts (not real, made up, fake). Students have to be able to retell the beginning, middle and end parts of a fiction story.

## Greetings!

Greetings Families! I apologized for the late newsletter as I was out sick on Friday and part of Thursday.

This Friday, December 8 from 11:00 - 12:30 all first graders will be going to the Como Planetarium at Como Elementary School. We do not need chaperones as it is a short and guided education experience for students.

## Math

We are starting unit 5 in math, continuing to explore addition and subtraction problem.

## Writing

We will start realistic fiction - stories that are made up but are believable.
