Hi Parents and Families,

We hope you had time to reconnect with loved ones, near and far, over the holiday weekend.

Last Wednesday, our PreK HDL students at the East Hub celebrated the Hmong New Year with their friends and families. It was heartwarming to see so many students march through the hallways with pride, showcasing what they learned about the Hmong culture and dressed in beautiful cultural outfits! They ball-tossed with friends. Families were invited to stop in classrooms to see additional song and dance performances along with some New Year activities. Developing positive self-identities start young. These learning activities are an important part of that process and help our children feel connected to who they are and to their friends. Check out the photos of our PreK students on our [Facebook page](#)!
