Hi Parents and Families,

Soon, we will administer the Cognitive Abilities Test (CogAT7). This test is one measure used to identify students as advanced learners/gifted and talented in SPPS. The CogAT7 will be administered to all SPPS **kindergarten** and **second grade** students sometime between **October 9, 2023 and November 9, 2023**. The test is only available to take during this time frame. If you do not want your child to participate, please contact your school's principal. Students in grades 1, 3, 4 and 5 may also take the CogAT7 test if requested by a staff member, parent or community member. Please let me know by October 9, 2023 if you want to request that your student take the test. For more information, visit spps.org/tdas.
