

FOCUS AREAS

FARNSWORTH AEROSPACE PREK-4
2020-2021

Equity &
Culturally
Relevant
Teaching

Staff members will have an intentional focus on racial equity through personal racial identity development, engaging in conversations about race, seeking multiple perspectives, and identifying and implementing strategies for Racially Conscious Classrooms at Farnsworth Aerospace PreK-4.

ELM Project

We will use our learning from the ELM Project to ensure all staff members meet the needs of our students both culturally and linguistically. Our ELM coaches will deliver professional development to their colleagues to support academic language development and ACCESS data analysis. ELL Co-teachers will participate in one coaching cycle per school year using the ELM support tool.

Personalized
Learning
Through
Technology

We will engage in a Residency model from an Apple Professional Learning Specialist (APL) to develop our capacity to integrate technology within our instruction.
