La date p. 63

## La date

To express a date in French, the pattern is:

le	+	NUMBER	+	MONTH
le		11 (onze)		novembre
le		20 (vingt)		mai

EXCEPTION: The first of the month is **le premier**.

- In front of numbers, the French use **le** (and never l´): **le onze**, **le huit**.
- Note that when dates are abbreviated in French, the day always comes first.

2/8 **le deux août**

1/11 **le premier novembre**
